ABOUT VANIER COLLEGE

Colleges at York University are vital hubs of connection for students and faculty. Each academic program of study is affiliated with a College; your program is affiliated with Vanier College.

York is a BIG place, but Vanier is a warm, friendly setting for students to meet other students, faculty, and staff members throughout the year. Not only do we host the Orientation for your program, we also collaborate with your program to offer program-specific workshops throughout the year. We designed these workshops to help you in virtually every aspect of university life, such as essay writing, library skills, time management, and choosing a major.

We also offer a host of other services for students:

- Quiet study space
- Lockers
- Support for student clubs, athletics, organizations and student government.
- A theatre company, Vanier College Productions, where you can participate in all aspects of theatrical production.

We in the Master's office look forward to meeting you in the coming year, so drop by the office for an introduction or if you have questions or suggestions about workshops, student clubs, performances, or other college-related activities. If you get involved in College life, we can help you have an exciting and successful first year at York.

With sincerest best wishes,
